Community Defibrillator Newmarket on Fergus

The community defibrillator service has been provided by volunteers for approx. 8 years. Their dedication and commitment is very much appreciated. Unfortunately the number of volunteers has fallen below the number required to deliver the service. A recent drive for new volunteers did not realise sufficient interest.

A drive for new volunteers will again be organised. Full certified training is provided to all volunteers to the Irish Heart Foundation standard. If you are interested in becoming involved please text 087 6166634.

Again a very big thank you to all those who over the years have volunteered. We hope that the service will be re launched without undue delay.
